

# Snow White

Hem all the edges of the blue square. Next hem your yellow and white pieces, then gather them to the correct width (10"). Sew the white piece on top of the yellow piece. The sew the bottom skirt to the blue top. Sew on the blue ties and neck ties, after sewing and turning them inside out. Finish it off with two red bows gathered onto the white, and one larger red bow on the blue top. I tacked (with small hand stitches) the larger red bow, on the bow part, to keep it from drooping.
