1- المقدمة

{There is no doubt that / No one can deny / As a matter of fact / It's a clear fact that / We all agree that} is one of the most important topics, so I'm going to discuss it in this essay. To make it clear and organized, I will shed light on three different ideas in the following lines.

2- الخاتمه

Finally, it has become clear that this topic is so important that it needs more and more paragraphs to discuss it in details. I wish I had pointed out all its aspects and made it clear.

موضوع المميزات والعيوب

There is no doubt that is considered a double-edged weapon as it has advantages and disadvantages. On one hand, to speak about its advantages, we can say that it plays an important role in our life as it

On the other hand, there are some disadvantages that are caused by as some people can use it in a bad way, such as.....

As a result, we should cooperate with each other to benefit from its advantages and get rid of its disadvantages. By doing so, we can lead a happy life free from problems and full of achievements and success." The positive topic.

To begin with , I'd like to say that , we Egyptians always react well to what is good and react badly to what is bad . Thus we all agree to and encourageالموضوع.....

We must exploit all our natural resources and do our best to find suitable answers to ...الموضوع....In my opinion this problem hinder progress and development.

At my point of view , I believe that.....الموضوع..... is really serious and harmful and may have bad and negative effects on all of us . I see thatالموضوع.....stands for an obstacle in the way of our progress , hence our state spares no effort to put an end to it . On one hand I think that one should unite , co-operate and stand , shoulder to shoulder againstالموضوع.....

On the other hand the government must try to overcome this serious problem by finding the best solutions .one of the most important solution to this problem is that all members of the society must participate in putting an end to this serious problem.
