# FOOLKILLER™

# FOOLKILLER

**NATE McBRIDE** was a fool. An enforcer for the online sports gambling house **TWOINTHEBUSH.COM**, he was caught pocketing forty thousand dollars of the money he collected during his last job. And when his former colleagues came calling, he knew he was in trouble. They shoved his hand down a garbage disposal, violently murdered his wife and younger daughter, and threatened to do the same to his older daughter if all forty thousand wasn't returned in one month's time.

While being treated for his injuries at a hospital, Nate learned of the man referred to as "**THE FOOLKILLER**"... and was subsequently startled to find the vigilante's calling card taped to his hospital room window. Desperate to learn more about the Foolkiller, Nate followed the trail of disemboweled drug dealers, dismembered gangbangers and mutilated CEOs left in his wake...a trail that eventually led Nate to a face-to-face meeting with the Foolkiller himself.

But the Foolkiller wanted Nate to find him. He wanted Nate to tell him everything he knew about **TWOINTHEBUSH.COM**. And using the information given to him by Nate as a starting point, the Foolkiller took to the street, tracking down two of the operation's collectors, Tyrell and Cyrus. And once he found them, he left their mutilated bodies as a message and a warning for their boss, The Cheese...
